19 June 2003,
Original: French

REPORT BY THE DIRECTOR GENERAL ON THE CHANGES IN THE CLASSIFICATION OF NON-GOVERNMENTAL ORGANIZATIONS ADMITTED TO THE VARIOUS TYPES OF RELATIONS WITH UNESCO

OUTLINE

Source: Section V, paragraph 2, of the Directives concerning UNESCO's relations with non-governmental organizations, adopted by the General Conference at its 28th session (28 C/Resolution 13.42) and amended at its 31st session (31 C/Resolution 48).

Background: This report is submitted by the Director-General in conformity with the aforementioned paragraph of the Directives.

Purpose: This report covers the changes in the classification of NGOs resulting from the decisions taken, respectively, by the Executive Board and by the Director-General over the past two years. These decisions are reflected in Annexes I to V, which list the names of the organizations concerned, indicating the type of relation approved.

Decision required: No decision is required on this information document.

1. This report is brought to the attention of the General Conference in accordance with Section V.2 of the Directives concerning UNESCO's relations with non-governmental organizations, which stipulates that "at each regular session of the General Conference the Director-General shall present a concise report on any changes that have taken place by decision of the Executive Board in the classification of international organizations admitted to the various categories of formal relations with UNESCO. This report shall also contain the list of organizations that maintain operational relations with UNESCO, together with those that have submitted requests

for admission to the two categories of formal relations or to the category of operational relations and whose requests have not been accepted”.

2. The Director-General also takes this opportunity to inform the General Conference of the decisions which he has taken during the biennium, and of which he has kept the Executive Board informed, concerning UNESCO’s official relations with foundations and similar institutions, in accordance with the relevant Directives adopted by the General Conference at its 26th session (1991).

3. At the end of the 166th session of the Executive Board (April 2003), the number of non-governmental organizations admitted to the various types of official relations with UNESCO was as follows:

formal associate relations	19
formal consultative relations	70
operational relations	235
framework for relations to be determined	5
Total	329

4. At the end of the first evaluation of cooperation with NGOs admitted to formal (associate and consultative) and operational relations after the implementation of the 1995 Directives, classification work during the 2002-2003 biennium, with a view to the renewal of those organizations’ statutory relations with UNESCO focused mainly on:

- the examination of the files of NGOs maintaining formal associate relations with which framework agreements had not been concluded,
- examination of the files of NGOs maintaining formal consultative relations,
- examination of the files of NGOs maintaining operational relations.

5. Furthermore, admission work during the biennium focused on:

- admission of NGOs under the 1995 Directives concerning UNESCO’s relations with non-governmental organizations,
- examination of new requests to establish official relations with UNESCO.

6. In this context it should be noted that, among the NGOs that were classified during the biennium in one of the types of official relations, there are six new admissions to operational relations as follows: World Water Council; International Pharmaceutical Students’ Federation; Internews International; International Association of Academies of Sciences; Canadian Centre for International Studies and Cooperation and International Astronautical Federation.

7. Relations with 19 NGOs had to be placed on an informal basis, owing mainly to insufficient cooperation. The lists corresponding to the different types of decisions taken are annexed to this report. In short, on the basis of the work of its Committee on International Non-Governmental Organizations, the Executive Board at its 164th, 165th and 166th sessions examined the cases of 290 organizations, for 73 of which an individual evaluation fact sheet was produced.

8. To complement the above information, it is useful to note that the Secretariat processes many other requests from the non-governmental community concerning the establishment of official relations that are pursued in another framework, without it being possible or appropriate to prepare an admission file. On the basis of the principles governing cooperation with NGOs, these requests are processed in accordance with three main sets of criteria: (a) scope of the organization (national or international); (b) qualification of the organization in relation to the basic criteria set out in the Directives; and (c) existence of concrete and regular working relations with the programme sector(s) concerned (Headquarters or field). The Secretariat endeavours to give a speedy response to all requests received, inviting, as the case may be:

- National NGOs: to establish contacts with the National Commission for UNESCO in the Member State concerned and with the appropriate field unit; to consider affiliation to an international (or regional) NGO working in the same fields and maintaining official relations with the Organization; to establish closer links with regional or subregional NGO networks;
- International NGOs: to extend their international (or regional) scope in terms of membership, composition of governing bodies or activities; to explore possibilities for cooperation with the programme sectors or develop that cooperation further; to establish contacts with another organization within the United Nations system whose fields of competence seem to correspond more closely to their activities; to clarify their internal functioning or consider changing their statutes.

9. The total number of requests thus processed during the biennium is difficult to assess. It must, however, be noted that in 2002-2003 the Secretariat dealt with the cases of 13 organizations which had provided basic documentation, and channelled more than 150 national NGOs towards their National Commissions for UNESCO.

10. In connection with the work of admission of foundations during the 2002-2003 biennium, it should be noted that the Executive Board at its 166th session asked for the admission to official relations, as a foundation, of City of Peace Foundation – UNIPAZ/UNIPAIX, to be suspended pending additional information, which has been requested for the Board's spring session in 2004. Furthermore, there were two new admissions to official relations during the current biennium, involving the following foundations: Paul Gérin-Lajoie Foundation and the Foundation for UNESCO – Education for Children in Need.

11. The list of international non-governmental organizations maintaining official relations with UNESCO, which will be published for use by participants at the General Conference, reflects changes arising from the decisions reported in this document. It is also available on the Organization's NGO website (<http://erc.unesco.org/ong>). A similar list concerning foundations and similar institutions will also be published.

ANNEX I

International non-governmental organizations maintaining formal relations which were renewed or reclassified and other such organizations newly admitted to formal relations by the Executive Board at its 164th, 165th and 166th sessions

NGOs with which no framework agreement has been concluded – renewal of formal associate relations for six years¹
