## Amendment to the Draft Programme and Budget for 2008-2009 (34 C/5 2nd version)

Submitted by **CHILE**

### Part II.A – Programmes:

Major Programme: III – SOCIAL AND HUMAN SCIENCES

Resolution No.: 03000

Biennial Sectoral Priority: 1 Promoting principles, practices and ethical norms relevant for scientific and technological development

Paragraph: (a) (ii)

Budgetary implications  
indicated by the sponsor: None

Source of financing  
proposed by the sponsor: –

### Proposed modification:

- (ii) enhance national and international action in the field of bioethics in order to disseminate and ensure the effective implementation of the UNESCO declarations in the field of bioethics (the Universal Declaration on the Human Genome and Human Rights, the International Declaration on Human Genetic Data and the Universal Declaration on Bioethics and Human Rights), in close cooperation with the International Bioethics Committee; foster international and national debates on bioethics; support the creation of national bioethics committees; ensure the development of the Global Ethics Observatory and the availability of teaching expertise and teaching materials; ~~and~~ ensure international cooperation in the field of bioethics, in particular through the United Nations Inter-Agency Committee; and strengthen the association with the Pan-American Health Organization (PAHO) – Regional Office of the World Health Organization – through PAHO's Regional Bioethics Programme based in Santiago (Chile);

\* This proposal was received by the Secretariat on 27 August 2007.

**Explanatory note:**

Since 1994 the Government of Chile, in association with the University of Chile and the Pan-American Health Organization, has been carrying out in the Latin America and Caribbean region actions focused on the training of human resources, the humanization of science and technology, the carrying out of studies and the dissemination of publications. Establishing links between UNESCO and this regional initiative would enable their joint efforts to be optimized.
